

# Experience the World's First Remanufactured Business Jet

Finally, a business jet that  
offers the perfect blend of  
technology, performance,  
operating efficiency  
and cabin comfort . . .

All for less than \$4.0MM.

# We have a leg up on the competition

**400XT - 2005nm @ a cost per mile of \$2.13\*\***

**40XR - 1590nm\* @ a cost per mile of \$2.99\*\***

**CJ2 - 1527nm\* @ a cost per mile of \$2.72\*\***

**BJ400A - 1333nm\* @ a cost per mile of \$3.00\*\***

**Forget everything you ever knew about the Beechjet's "short-legs." The 400XT remanufacturing program pays its largest dividends in range and operating cost delivering a best in category range of 2005nm (Four Pax, NBAA IFR reserves).**

\*Performance data for competitive aircraft taken from 2010 BCA Purchase Planning Handbook (4 passenger NBAA IFR range, 100nm alternate).

\*\*Operating cost per mile is based on NBAA IFR 1,000nm mission with 4 passengers at \$4.90/gallon.

# 400XT Remanufacturing Process Defined

The 400XT is a Hawker Beechcraft model 400A/XP that is remanufactured in accordance with strict FAA and Nextant Aerospace standards. Nextant's revolutionary approach allows us to deliver an end product that exhibits significantly evolved technology, improved reliability and a life expectancy that meets or exceeds competitive aircraft. The resulting aircraft is equivalent to a new aircraft in all material aspects with one exception... value.

The remanufacturing process is a comprehensive process that takes over 6,000 man-hours to complete. Key steps include:

- Complete inspection and overhaul of the airframe
- All life-limited components are taken to zero time status either by replacement or overhaul
- Complete replacement of the primary wiring harness and installation of new Rockwell Collins Pro Line 21™ Avionics Suite
- Installation of new Williams FJ44-3AP FADEC controlled engines
- Custom interior and exterior paint design

All aircraft include a complete tip-to-tail warranty and pilot training from CAE SimuFlite in a dedicated, 400XT simulator.

## Be one of the first to experience the 400XT at a city near you . . .
